

THE SPEECH & STUTTERING INSTITUTE

ABOUT US

The Speech & Stuttering Institute is a non-profit organization dedicated to improving the lives of those with speech and stuttering challenges. Our treatment approaches are founded upon more than 30 years of research and experience in the areas of stuttering and motor speech disorders. Responses to treatment are continually evaluated to ensure delivery of the most effective, evidence-based treatment options. Our treatments have been published in professional journals and text books and we are involved in the training of students and Speech-Language Pathologists across the province.

DONATIONS

The Speech & Stuttering Institute is a registered charity. SSI is very grateful to our donors, foundations and corporations for their philanthropic support which helps us sustain our level of expertise and excellence in the field.

Donations allow us to provide subsidies for families who demonstrate a need for financial assistance.

SSI MISSION

The mandate of The Speech & Stuttering Institute is three-fold:

- to provide excellent clinical service
- to educate and train professionals throughout the province
- to engage in research to unearth the root causes of speech related challenges in order to find the most effective treatment methods
