# The Salanova® Line Up

From the Butterheads to Crispy Greens, these lettuce have a delicate, buttery flavour that's perfect for everything from salads to burgers!

As our resident plant picker, Sir Pix-a-Lot, likes to sing:  
*we like big butterheads and we cannot lie...*

## Beefsteak Tomato

Despite their name, beefsteak tomatoes are actually suitable for both vegans and vampires.

*(And vegan vampires, we guess...)*

## Herb Kit

*Herb, herb, herb is the word.* There's no easier way to take your dish from 'oh, that's nice' to 'oh man, that's good!' than throwing in some freshly cut herbs.

Plus, we've made sure that these plants are super easy to grow and make your place smell incredible too, so there's no excuse not to embrace your inner Gordon Ramsay and start whipping up brag-worthy dishes.
