## Fluency Plus: A Comprehensive Program for School Age Children and Teens (9+) Who Stutter

Marni Kinder, MHS, Reg. CASLPO

### OVERVIEW

This three-day workshop is for SLPs who wish to develop expertise in delivering comprehensive treatment for stuttering in school aged children and teens 9 years old and up.

### PARTICIPANTS WILL LEARN TO:

- View treatment in the broad context of behavioural, cognitive, emotional and psychological aspects of stuttering
- Identify pre-treatment considerations
- Model specific fluency facilitating skills through hands-on training and experience
- Help clients overcome speech fears through cognitive structuring
- Use effective procedures to achieve transfer
- Develop long-term maintenance planning

Opportunities for small group skill development will be provided.

### TOPIC FOCUS ON EACH DAY

#### DAY 1

- nature of stuttering and pre-treatment considerations
- respiration
- rate control and software applications
- voice onset

#### DAY 2

- articulatory pressure
- rate manipulation
- constant phonation
- articulatory movement

#### DAY 3

- transfer and the psychology of stuttering
- maintenance planning
- adaptations discussion
- case discussion and questions
